

On behalf of Ukrainian railway and steel pipes producer Interpipe, its brand KLW-WheelCo S.A. and Dnipropetrovsk National University of Railway Transport named after academician V. Lazaryan, we are honored to invite you

INNOVATIVE TECHNOLOGIES FOR THE ROLLING STOCK

The conference is carried out within 77 INTERNATIONAL SCIENTIFIC & PRACTICAL CONFERENCE **THE PROBLEMS**AND PROSPECTS OF RAILWAY TRANSPORT DEVELOPMENT

Participants: representatives of manufacturers of rolling stock and elements of infrastructure, railway operators and railway enterprises.

THE PROGRAM OF THE CONFERENCE INNOVATIVE TECHNOLOGIES FOR THE ROLLING STOCK

May 12, 201708:00-09:00Transfer from the Square of Heroes of Maydan to the training center uPipe09:00-09:15The conference opening09:15-16:00Work of the conference. Proceedings presentation.09:15-09:35Current conditions and prospects of the rolling stock development. Freight and passenger rolling stock09:35-09:55The program of the development of rolling stock for cargo and passengers carriage10:15-10:35Implementation of the program of railway infrastructure development. Problems, objectives and solutions10:15-10:35Regulatory framework development for transport engineering and modernization of the rolling stock in Ukraine10:35-10:55Economic and financial aspects of implementing the program of the rolling stock renewal10:55-11:10Coffee-break11:10-11:30Development of speed and high-speed transportation11:30-13:10Prospects of manufacturing up-to-date designs of locomotives on the basis of Ukrainian machine-buildings facilities13:10-14:00Lunch14:00-15:40Innovative products for the rolling stock15:40-16:00The conference close-up16:00-16:15Coffee-break16:15-18:00Tour at the Interpipe Steel18:15-19:15Tour at the Interpipe Steel19:15-19:45Transfer to the restaurant19:45-22:00Dinner22:00-22:30Transfer to the hotel for the non-residents		
09:00-09:15The conference opening09:15-16:00Work of the conference. Proceedings presentation.09:15-09:35Current conditions and prospects of the rolling stock development.
